

Clark County School District Required Trainings 2017-2018

All Clark County School District administrators, teachers, support staff, guest teachers and substitute/temporary employees are required to view trainings to ensure the safety and welfare of students and staff. The trainings are required to comply with Nevada Revised Statutes, the Office of Civil Rights, and Occupational Safety, Health Administration Regulations and District Regulation.

All employees must complete the required trainings by October 20, 2017. Principals and non-school supervisors shall generate their own compliance reports via the **Administrative Pathlore Dashboard** in order to identify employees who failed to complete the mandated trainings. New employees are required to watch the trainings within 20 days of beginning employment. Failure to complete the required trainings may result in progressive discipline. **Employees may access the trainings beginning August 4, 2017.** Required trainings are intended to be viewed individually by logging into your Pathlore account. Group training authorization can be requested from the Compliance Office. If the required trainings are viewed in a group setting, your site is responsible for ensuring individual employee information is entered into Pathlore. Guest teachers and substitute/temporary employees must also view the required trainings; therefore, may request access to a computer during non-assigned time. To ensure compliance, it is suggested that employees submit a printed copy of their completed assigned curriculum to their site administrator/designee.

Principals/Site Administrators with Pathlore Dashboard questions, please contact Rick Allen via Interact or 0099-6288.

Compliance questions may be directed to Ron Mader, Compliance Department, at (702) 799-1094.

Technical questions may be directed to your Site Based Technician via Quick-IT or by calling the Help Desk at (702)799-3300.

Please Be Advised: Due to recent legislative changes, several trainings are currently being updated and new trainings developed. Updated/new trainings will be available as soon as possible. ALL EMPLOYEES ARE REQUIRED TO WATCH THE CURRENT TRAININGS AND ALL UPDATED/NEW TRAININGS WHEN AVAILABLE. Interact pop-ups and Pathlore email will be utilized to notify employees when the trainings are available.

District Required Training for all Employees: Due Date – 10/20/2017

Supported browsers for viewing online content within Pathlore are Chrome and Firefox. Internet Explorer, Safari, and Edge browsers are not supported. If you experience difficulty viewing the required videos, please ensure Pop-Up blockers are disabled and the latest versions of Java and Adobe Flash are installed.

After completing a training, the status will indicate that the online content was completed. If you complete a training and then re-watch only a portion of the same training, your completed status in Pathlore will be changed to incomplete.

QUESTIONS:

- Employees should speak with their administrator.
- For technical issues, employees should contact their school Site Based Technician via the Quick-IT shortcut on their computer desktop, or call the Help Desk at (702) 799-3300.
- For assistance with your Pathlore Dashboard, please contact Rick Allen on Interact or call 0099-6288.
